Bertolucci's is a family owned, locally recognized collision repair facility that has been committed to excellence since opening in 1948. Our mission is to provide superior quality automotive repair service to each and every one of our customers.

We are extremely proud to announce a new innovation in our line of quality services and workmanship. A recent trend in automobile manufacture has been to lighten up vehicles with the use of aluminum. Leading companies such as BMW and Jaguar now use aluminum to build the entire front structure and firewall of some models.

Bertolucci's Body Shop, Inc. is one of the first collision repair facilities to have certified technicians, and be equipped to properly repair this type of vehicle. Combining more than 50 years of experience with the latest in repair techniques, we remain dedicated to meeting all of your vehicle maintenance needs.

Please contact Vince Bertolucci for details.

Thank you,

Bertolucci's Body Shop, Inc.

"QUALITY - THE PATIENCE TO CHECK AND DOUBLE CHECK"
